

国際関係

村井 純

国際関係

- ネットワーク
 - 商用サービスと国際関係
 - R&Dネットワークの状況
 - 国際的な運用
 - 研究開発
- Internet Society
- InetとISOC
- アプリケーションのグローバル化

A P A Nのネットワーク・トポロジー

Internet in Asia

- The largest benefits/responsibilities for the Internet
 - Variation of Cultures
 - history, accumulations of knowledge and information
 - language/policies/regulations/education....
 - Strong demands for cooperation
 - nation-international-global model
 - The largest market for the next decade
 - developing digital technologies

Three IMPORTANT things to do in ASIA

- Digitize your culture
 - do not to be too late, we have history
- Participate activities
 - ISOC related activities/mailing lists
 - Inet '98
 - IETF, IEPG
 - APRICOT, APNG, APIA
- Share your work
 - Software/Hardware
 - Internet Draft/RFC
